Networking Fair

October 28th, 2008
7:30am - 11:30am

Caltrans Central Region invites you to attend this unique networking event to learn about upcoming contracting opportunities, meet key staff members, and network with other potential prime consultants and small businesses.

The Department is a strong advocate of small business participation on A&E contracts, including Disadvantaged Business Enterprise and Disabled Veteran Business Enterprise. Caltrans Central Region recognizes the strength of networking and building partnerships. The A&E Fair will enhance opportunities for small business participation, enable businesses to shake hands and share qualifications, and build partnerships between Caltrans and other private firms both large and small.

CALTRANS Central Region
